

# PRESS RELEASE

Paris, 25 Jan 2018

## Olivier Daniel joins the Henner Group executive committee

The Henner Group, a specialist in personal insurance, is proud to announce the appointment of Olivier Daniel to the executive committee as senior director of information systems.

### Olivier Daniel, senior director of information systems

Having joined the Henner Group in May 2016 as director of information systems, Olivier Daniel, 45, has been appointed as a member of the executive committee. As senior director of information systems, he will continue to run the company's key projects dealing with change management, digitalisation and the Group's ability to incorporate new user habits and services. As head of the entire IT division, he will be guide the division towards taking a customer-oriented approach through customer service quality, the performance of tools and processes, and the transformation of the Group's IT system.

As a graduate of INSA (National Institute of Applied Sciences) and with a master's degree from IAE Toulouse University School of Management, he has gained more than 20 years in various positions working in information systems, including 15 years as IS director in banking and insurance. He began working for Crédit Agricole where he helped to establish and develop CACEIS Corporate Trust as IT head of project management and later director of organisation and information systems. Working for the broker, Diot, he was in charge of devising a information system master plan (business websites, IT for decision-making, electronic document management, EDI, etc.) and setting up the group's IT EIG of which he was the operating director.

## About the Henner Group

The Henner Group, a company that designs innovative health and life insurance solutions, is a leader on the French market for group healthcare insurance. With its strong international presence, the independent French company has 1,500 employees throughout France as well as Europe, Asia, Africa and North America. Active in all segments of health and life insurance (healthcare, life and disability insurance), the Henner Group works with 10,000 companies of all sizes to design and manage insurance plans for some 1.5 million members, employees and families. The company has put together the world's largest network of healthcare providers, with 1 million providers in the USA and more than 58,000 in 165 countries, providing its members access to care wherever they are in the world.
